

Sculptures

The garden hosts several Ernest Carl Shaw (b.1942) sculptures. The collection of six pieces includes the only known mixed medium work of Shaw's canon, the Homage series, which is located atop the mounded garden to the north of the building. There is one piece from Shaw's Shongun series, three from his Harmonic series and one large, cantilevered piece from his Ruins series which sits at the driveway entrance from East Crescent Ave.
